To require the Secretary of the Interior to conduct a study to determine the appropriate minimum altitude for aircraft flying over national park system units.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

16 USC 1a-1 note.

SECTION 1. STUDY OF PARK OVERFLIGHTS.

(a) STUDY BY PARK SERVICE.—The Secretary of the Interior (hereinafter referred to as the "Secretary"), acting through the Director of the National Park Service, shall conduct a study to determine the proper minimum altitude which should be maintained by aircraft when flying over units of the National Park System. The Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration (hereinafter referred to as the "Administrator"), shall provide technical assistance to the Secretary in carrying out the study.

(b) GENERAL REQUIREMENTS OF STUDY.—The study shall identify any problems associated with overflight by aircraft of units of the National Park System and shall provide information regarding the types of overflight which may be impacting on park unit resources. The study shall distinguish between the impacts caused by sightseeing aircraft, military aircraft, commercial aviation, general aviation, and other forms of aircraft which affect such units. The study shall identify those park system units, and portions thereof, in which the most serious adverse impacts from aircraft overflights exist.

Safety.
Pollution.
Alaska.

(c) SPECIFIC REQUIREMENTS.—The study under this section shall include research at the following units of the National Park System: Cumberland Island National Seashore, Yosemite National Park, Hawaii Volcanoes National Park, Haleakala National Park, Glacier National Park, and Mount Rushmore National Memorial, and at no less than four additional units of the National Park System, excluding all National Park System units in the State of Alaska. The research at each such unit shall provide information and an evaluation regarding each of the following:

(1) the impacts of aircraft noise on the safety of the park system users, including hikers, rock-climbers, and boaters;

(2) the impairment of visitor enjoyment associated with flights over such units of the National Park System;

(3) other injurious effects of overflights on the natural, historical, and cultural resources for which such units were established; and

(4) the values associated with aircraft flights over such units of the National Park System in terms of visitor enjoyment, the protection of persons or property, search and rescue operations and firefighting.

Such research shall evaluate the impact of overflights by both fixed-wing aircraft and helicopters. The research shall include an evaluation of the differences in noise levels within such units of the National Park System which are associated with flight by commonly used aircraft at different altitudes. The research shall apply only to overflights and shall not apply to landing fields within, or adjacent to, such units. 101 STAT. 675

(d) REPORT TO CONGRESS.—The Secretary shall submit a report to the Congress within 3 years after the enactment of this Act containing the results of the study carried out under this section. Such report shall also contain recommendations for legislative and regulatory action which could be taken regarding the information gathered pursuant to paragraphs (1) through (4) of subsection (c). Before submission to the Congress, the Secretary shall provide a draft of the report and recommendations to the Administrator for review. The Administrator shall review such report and recommendations and notify the Secretary of any adverse effects which the implementation of such recommendations would have on the safety of aircraft operations. The Administrator shall consult with the Secretary to resolve issues relating to such adverse effects. The final report shall include a finding by the Administrator that implementation of the recommendations of the Secretary will not have adverse effects on the safety of aircraft operations, or if the Administrator is unable to make such finding, a statement by the Administrator of the reasons he believes the Secretary's recommendations will have an adverse effect on the safety of aircraft operations. Safety.

(e) FAA REVIEW OF RULES.—The Administrator shall review current rules and regulations pertaining to flights of aircraft over units of the National Park System at which research is conducted under subsection (c) and over any other such units at which such a review is determined necessary by the Administrator or is requested by the Secretary. In the review under this subsection, the Administrator shall determine whether changes are needed in such rules and regulations on the basis of aviation safety. Not later than 180 days after the identification of the units of the National Park System for which research is to be conducted under subsection (c), the Administrator shall submit a report to Congress containing the results of the review along with recommendations for legislative and regulatory action which are needed to implement any such changes. For purposes of this subsection, the term "surface" refers to the highest terrain within the park which is within 2,000 feet laterally of the route of flight and with respect to Yosemite Valley such term refers to the upper-most rim of the valley.

(b) HALEAKALA NATIONAL PARK.—During the study and review periods provided in subsection (c), it shall be unlawful for any fixed wing aircraft or helicopter flying under visual flight rules to fly at an altitude below 9,500 feet above mean sea level over the surface of any of the following areas in Haleakala National Park: Haleakala

(b) RECOMMENDATIONS.—

(1) SUBMISSION.—Within 30 days after the enactment of this Act, the Secretary shall submit to the Administrator recommendations regarding actions necessary for the protection of resources in the Grand Canyon from adverse impacts associated with aircraft overflights. The recommendations shall provide for substantial restoration of the natural quiet and experience of the park and protection of public health and safety from adverse effects associated with aircraft overflight. Except as provided in subsection (c), the recommendations shall contain provisions prohibiting the flight of aircraft below the rim of the Canyon, and shall designate flight free zones. Such zones shall be flight free except for purposes of administration and for emergency operations, including those required for the transportation of persons and supplies to and from Supai Village and the lands of the Havasupai Indian Tribe of Arizona. The Administrator, after consultation with the Secretary, shall define the rim of the Canyon in a manner consistent with the purposes of this paragraph.

The Administrator of the Federal Aviation Administration shall provide technical assistance to the Chief in carrying out the assessment. Such assessment shall apply only to overflight of wilderness areas and shall not apply to aircraft flights or landings adjacent to National Forest System wilderness units. The assessment shall not apply to any National Forest System wilderness units in the State of Alaska. 101 STAT. 678 Alaska.

SEC. 2. SPECIAL MANAGEMENT AREA.

(a) ESTABLISHMENT.—In order to provide for public outdoor recreation use and enjoyment of certain areas within the Sierra National Forest and the Sequoia National Forest, to protect those areas' natural, archaeological, and scenic resources, and to provide for appropriate fish and wildlife management of those areas, there is

101 STAT. 882

hereby established the Kings River Special Management Area (hereinafter in this Act referred to as the "special management area"). The special management area shall be administered by the Secretary of Agriculture (hereinafter in this Act referred to as "the Secretary") through the Sierra National Forest.

(b) AREA INCLUDED.—The special management area shall consist of the lands, waters, and interests therein within the area generally depicted on the map entitled "Boundary Map, Kings River Special Management Area", dated April 1987. The map shall be on file and available for public inspection in the offices of the National Forest Service, Department of Agriculture. The Secretary of Agriculture may from time to time make minor revisions of the boundary of the special management area.

National Forest System.

(c) ADMINISTRATION.—The Secretary shall administer the special management area in accordance with this Act and with the provisions of law generally applicable to units of the National Forest System. In the case of any conflict between the provisions of such Acts, the provisions of this Act shall govern. In the administration of the special management area the Secretary may utilize such statutory authority as may be available to him for the conservation of wildlife and natural resources as he deems necessary to carry out the purposes of this Act. Nothing in this Act shall be construed to prohibit grazing within the special management area to the same extent, and in accordance with the same rules and regulations as applicable in the absence of this Act. The Secretary may permit the cutting of timber within the special management area only in those cases where in the judgment of the Secretary the cutting of such timber is required in order to control the attacks of fire, insects, or diseases or to otherwise conserve the scenery or the natural or historical objects in the area.

Forests and forest products.

(d) MINING AND MINERAL LEASING.—Subject to valid existing rights, lands within the special management area are withdrawn from location, entry, and patent under the mining laws of the United States, from the operation of the mineral leasing laws of the United States and from operation of the Geothermal Steam Act of 1970.

State and local governments.

(e) HUNTING AND FISHING.—The Secretary shall permit hunting and fishing on lands and waters within the special management area in accordance with applicable Federal and State law. The Secretary may designate zones where, and establish periods when, such activities will not be permitted for reasons of public safety, administration, fish and wildlife management or public use and enjoyment. Except in emergencies, regulations issued by the Secretary under this subsection shall be put into effect only after consultation with the appropriate State agencies responsible for hunting and fishing activities.

(f) MANAGEMENT PLAN.—After consultation with the State of California, the Secretary shall publish a management plan for the special management area within three years after the enactment of this Act. The plan shall provide for public outdoor recreation use

and enjoyment of the special management area, protect the area's natural, archeological, and scenic resources, and provide for appropriate fish and wildlife management within the area. The plan shall contain provisions for management of vegetation within the area designed to enhance the wildlife carrying capacity of the area. The plan shall permit off-road vehicular use of off-road trails to the same extent and in the same locations as was permitted before enactment of this Act. The plan shall provide for the development of hiking trails in the special management area and shall include a trail from Garlic Creek to Little Tehipite Valley.

(g) ACCESS TO PRIVATE LANDS.—If any State or privately owned land or any valid mining claim or other valid occupancy is within the special management area, or if State or private subsurface rights underlie public lands within the special management area, the Secretary shall provide the State or private owner, claimant, or occupier and their successors in interest such rights as may be necessary to assure adequate and feasible access for economic and other purposes to the site concerned. Such rights shall be subject to reasonable regulations issued by the Secretary to protect the natural and other values of the special management area, taking into account the traditional and customary means of access used prior to the enactment of this Act.

(h) SPECIFIC PROTECTIONS.—In recognition of the dispute that exists over whether a dam project should be constructed in the segment of the Main Stem of the Kings River from the point at elevation 1,595 feet above mean sea level downstream to the point at elevation 990 feet above mean sea level, Congress declares its intention at this time not to designate that segment of the Kings River as a component of the Wild and Scenic Rivers System. Notwithstanding any other provision of law, no Federal lands may be used for the construction of any dam or diversion within the boundaries of the special management area without specific authority of the Congress. In order to protect the natural, cultural, recreational, fishery, and wildlife values of the river segment referred to in this subsection, that segment shall be subject to the provisions of section 7(a) of the Act of October 2, 1968 (82 Stat. 906), in the same manner as if it were designated. Nothing in this Act shall preclude the Kings River Conservation District from conducting studies as it may deem appropriate.

Public Law 100-97
100th Congress

An Act

Aug. 18, 1987
[S. 769]

To provide grants to support excellence in minority health professions education.

Excellence in Minority Health Education and Care Act.
42 USC 201 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Excellence in Minority Health Education and Care Act".

FINDINGS AND PURPOSES

42 USC 295g-8a note.

SEC. 2. (a) The Congress makes the following findings:

(1) Minority health care needs are currently greater than the health care needs of the general population.

(2) While the number of health professionals has increased, there are still shortages of health professionals from minority groups and there has been a drop in the enrollment of minority individuals in some health professions education programs.

(3) Health professionals from minority groups have critical roles in serving low-income minority populations, particularly in inner-city areas and rural areas.

(4) Historically, minority schools have developed a special capacity to conduct activities to prepare health professionals to serve minority populations.

(5) Health professions schools which train a disproportionate number of minority students also provide a disproportionate amount of health care services to minority populations.

(6) A disproportionate number of minority students trained at the schools described in paragraph (5) choose to practice in underserved areas.

(7) In the United States—

(A) there are only 4 schools of medicine, 2 schools of dentistry, and 4 schools of pharmacy which focus predominantly on minority health professions education, and 40 percent of black physicians, 50 percent of all black dentists, and 25 percent of all black pharmacists have trained at one of those schools; and

(B) there is only 1 school of veterinary medicine which focuses predominantly on the training of minority students, and that school has trained 75 percent of all black veterinarians.

(b) The purposes of this Act are to—

(1) strengthen the national capacity to train minority students in the health professions; and

(2) support the health professions schools which have trained a significant number of the Nation's minority health professionals and enable those schools to supply health professionals to serve minority populations in underserved areas.

The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, Reports.

Such analysis shall examine alternatives for the configuration of the space station including but not limited to low cost alternatives.

SEC. 108. In order to ensure that the development of the space station is part of a balanced civilian space program, the Administrator is instructed to establish as a goal a funding profile that limits (1) space station total annual costs under the capital development plan in section 107 to 25 percent of the total budget request for the National Aeronautics and Space Administration and (2) all space station direct operations costs, except for those costs associated with the utilization of the space station, to 10 percent of the total budget request for the National Aeronautics and Space Administration. 42 USC 2451 note.

(1) promote the use of the space station consistent with the policy set forth in section 106;

(2) recover the costs of the use of the space station, including reasonable charges for any enhancement needed for such use; and

(3) conserve and efficiently allocate the resources of the space station.

(c) The Administrator may, on a case-by-case basis, waive or modify such user fees when in the Administrator's judgment such waiver or modification will further the goals and purposes of the National Aeronautics and Space Act of 1958, including—

(1) the advancement of scientific or engineering knowledge;

(2) international cooperation; and

(3) the commercial use of space.

SEC. 111. No later than September 30, 1988, the Administrator shall submit a detailed plan for collecting reimbursements for the utilization of the space station under section 110, including the services to be offered, the methodology and bases by which prices will be charged, and the estimated revenues. 42 USC 2451 note.

"CONTRACTS REGARDING EXPENDABLE LAUNCH VEHICLES

"SEC. 311. (a) The Administrator may enter into contracts for expendabe launch vehicle services that are for periods in excess of the period for which funds are otherwise available for obligation, provide for the payment for contingent liability which may accrue in excess of available appropriations in the event the Government for its convenience terminates such contracts, and provide for advance payments reasonably related to launch vehicle and related equipment, fabrication, and acquisition costs, if any such contract limits the amount of the payments that the Federal Government is allowed to make under such contract to amounts provided in advance in appropriation Acts. Such contracts may be limited to sources within the United States when the Administrator determines that such limitation is in the public interest. 42 USC 2459c.

"(b) If funds are not available to continue any such contract, the contract shall be terminated for the convenience of the Government, and the costs of such contract shall be paid from appropriations originally available for performance of the contract, from other, unobligated appropriations currently available for the procurement of launch services, or from funds appropriated for such payments.".

SEC. 118. (a) It is the sense of the Congress that the capital investment in space satellites and vehicles should be enhanced and protected by establishing a system of servicing, rehabilitation, and repair capabilities in orbit (hereinafter referred to as "satellite servicing").

(b) The Administrator shall conduct a thorough and comprehensive study of satellite servicing with a view toward establishing national goals and objectives for utilizing such capabilities.

(c) In conducting the study of satellite servicing under this section, the Administrator shall give consideration to—

101 STAT. 868

(6) the pertinence of satellite servicing to the National Aeronautics and Space Administration and other space programs, including science and applications programs; and

(7) the prices to be charged for satellite servicing such that the full costs of such servicing can be recovered.

Reports.

(d) The Administrator shall complete the study and present a full report on it to the Congress on or before January 15, 1988.

SEC. 119. The Administrator shall review the findings, recommendations, and proposed space agenda of the National Commission on Space as set forth in its report submitted under section 204(c) of the National Aeronautics and Space Administration Authorization Act, 1985 (Public Law 98-361; 98 Stat. 422), and shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology of the House of Representatives, within 60 days after the date of enactment of this Act, a recommendation for a long-range implementation plan, including an impact assessment of such implementation on personnel, budget, and other resources.

SEC. 120. Section 24 of the Commercial Space Launch Act (49 U.S.C. App. 2623) is amended by adding at the end thereof the following: "There is authorized to be appropriated to the Secretary to carry out this Act $4,548,000 for fiscal year 1988.".

SEC. 121. (a) It is the sense of the Congress that the solid rocket motor project of the space shuttle program would benefit from competition, and that an advanced solid rocket motor would enhance the margin of safety, reliability, and performance of the space shuttle.

(b) By the date on which the President submits to the Congress the fiscal year 1990 budget request for the National Aeronautics and Space Administration, the Administrator shall issue a request for proposals to acquire by means of a competitive procurement an advanced solid rocket motor. The Administrator shall also consider ways and means to improve quality control, reduce operational hazards, reduce costs, increase competition, and enhance manufacturing processes, including, but not limited to, constructing a government-owned and contractor-operated solid rocket motor production facility and providing for a dual source of supply of the advanced solid rocket motor.

(c) Until a request for proposals has been issued under subsection (b) of this section, no contract for the purchase of additional solid rocket motors shall be extended or signed by the Administrator. The Administrator may proceed with the procurement of long-lead materials for the solid rocket motors from the current contractor only after the Administrator has certified to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology of the House of

Representatives that such action is necessary to prevent a delay in the space shuttle launch schedule. 101 STAT. 869

(d) The Administrator shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology of the House of Representatives if the competitive procurement specified in subsection (b) cannot be conducted. The Administrator shall transmit such notice along with a complete explanation of the reasons supporting such determination. Following such determination, but no sooner than 30 days following the transmission of the notice required under this subsection, the Administrator shall—

(1) conduct a competition to select a qualified second source of supply (in addition to the current contractor) for flight sets of the redesigned solid rocket motor that is currently under development; or

(2) recompete the current source of supply for flight sets of the redesigned solid rocket motor.

(e) No later than March 31, 1988, the Administrator shall present to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology of the House of Representatives a comprehensive acquisition plan for the advanced solid rocket motor in accordance with this section.

Upon the approval by Congress, the Secretary shall use the Federal share of such approved estimates in making appor-

and approved in accordance with this title, if the Secretary determines that such route or portion thereof is not essential to completion of a unified and connected Interstate System and if the Secretary receives assurances that the State does not intend to construct a toll road in the traffic corridor which would be served by the route or portion thereof.

"(B) SUBSTITUTE PROJECTS.—When the Secretary withdraws approval under this paragraph, a sum equal to the Federal share of the cost to complete the withdrawn route or portion thereof, as that cost is included in the latest Interstate System cost estimate approved by Congress, or up to and including the 1983 interstate cost estimate, whichever is earlier, subject to increase or decrease, as determined by the Secretary based on changes in construction costs of the withdrawn route or portion thereof as of the date of approval of each substitute project under this paragraph, or the date of approval of the 1983 interstate cost estimate, whichever is earlier, shall be available to the Secretary to incur obligations for the Federal share of either public mass transit projects involving the construction of fixed rail facilities or the purchase of passenger equipment including rolling stock, for any mode of mass transit, or both, or highway construction projects on any public road, or both, which will serve the area or areas from which the interstate route or portion thereof was withdrawn, which are selected by the responsible local officials of the area or areas to be served, and which are selected by the Governor or the Governors of the State or the States in which the withdrawn route was located if the withdrawn route was not within an urbanized area or did not pass through and connect urbanized areas, and which are submitted by the Governors of the States in which the withdrawn route was located. Each project constructed under this paragraph on a Federal-aid system shall be subject to the provisions of this title applicable to such system. Each project constructed under this paragraph not on a Federal-aid system shall be subject to the provisions of this title applicable to projects on the Federal-aid secondary system. 101 STAT. 137

(3) EFFECTIVE DATE.—The amendments made by this subsection shall take effect October 1, 1987.

(b) FISCAL YEARS 1988-1998.—

(1) GENERAL RULES.—Section 419 is amended to read as follows:

"SEC. 419. SMALL COMMUNITY AIR SERVICE.

"(a) ELIGIBLE POINT DEFINED.—For the purposes of this section, the term 'eligible point' means any point in the United States—

"(1) which is defined as an eligible point under this section as in effect before October 1, 1988, and which, at any time in the 12-month period ending on such date, received scheduled air transportation, and

"(2) which the Secretary determines is 45 highway miles or more from the nearest hub airport.

State and local governments.

"(b) BASIC ESSENTIAL AIR SERVICE.—

"(1) LEVEL OF SERVICE.—

"(A) DETERMINATION FOR ESSENTIAL AIR SERVICE POINTS.—With respect to each eligible point for which a determination of what constitutes essential air transportation was made under this section before October 1, 1988, the Secretary shall determine what is basic essential air service for such point. Such determination shall be made no later than the last day of the 1-year period beginning on the date of the enactment of the Airport and Airway Safety and Capacity Expansion Act of 1987 and only after consideration of

the views of any interested community and the State agency of the State in which such community is located.

"(B) DETERMINATION FOR OTHER POINTS.—With respect to each eligible point for which a determination of what constitutes essential air transportation was not made before October 1, 1988, the Secretary shall determine what is basic essential air service to such point if the Secretary receives notice that service to such point will be provided by only 1 air carrier. Such determination shall be made no later than the last day of the 6-month period beginning on the date on which the Secretary receives such notice and only after the Secretary considers the views of any interested community and the State agency of the State in which such community is located. The Secretary may impose such notice requirements as may be necessary to implement this subparagraph. 101 STAT. 1509

"(C) CONTINUATION OF REQUIREMENT; TRANSITION PROVISIONS.—An air carrier required to provide essential air transportation before October 1, 1988, to an eligible point shall be required to continue to provide such transportation to such point after such date and the level of such transportation shall be deemed to be basic essential air service for purposes of this subsection until a determination is made under subparagraph (A) with respect to such point. The rate of compensation in effect for essential air transportation before such date shall continue in effect until a new rate is determined in accordance with the guidelines under subsection (f) of this section.

"(D) REVIEW.—The Secretary shall periodically review the basic essential air service level for each eligible point, and may, based upon such review and consultations with the interested community and the State agency of the State in which such community is located, make appropriate adjustments to the basic essential air service level.

"(2) NOTICE REQUIRED BEFORE TERMINATION, SUSPENSION, OR REDUCTION IN SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to any eligible point below the level of basic essential air service established under paragraph (1) unless such air carrier has given the Secretary, the appropriate State agency or agencies, and the communities affected at least 90 days notice before such termination, suspension, or reduction.

"(3) DETERMINATION OF NEED FOR COMPENSATION.—

"(A) SELECTION OF CARRIER.—Whenever the Secretary determines that basic essential air service will not be provided to an eligible point without compensation, the Secretary shall provide notice that applications may be submitted by any air carrier that is willing to provide such service to such point for compensation under this subsection. In selecting an applicant to provide basic essential air service to a point for compensation the Secretary shall, among other factors, consider—

"(i) the applicant's demonstrated reliability in providing scheduled air service;

"(ii) the contractual and marketing arrangements that the applicant has made with a larger air carrier to assure service beyond the hub airport;

"(iii) the interline arrangements which the applicant has made with a larger air carrier which allow passengers and cargo of the applicant at the hub airport to be transported by such large carrier through one reservation, one ticket, and one baggage check-in;

"(iv) the preferences of the actual and potential users of air transportation at the eligible point, giving substantial weight to the views of elected officials representing such users; and

"(v) with respect to any eligible point in the State of Alaska, the experience of an applicant in providing Alaska.

101 STAT. 1510

scheduled air service, or significant patterns of non-scheduled air service pursuant to an exemption granted pursuant to section 416 of this title, in Alaska.

"(B) RATE OF COMPENSATION.—The Secretary shall establish, in accordance with the guidelines promulgated under subsection (f), the rate of compensation to be paid for providing basic essential air service under this subsection.

"(4) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The Secretary shall continue to pay compensation to any air carrier to provide basic essential air service to an eligible point only for so long as the Secretary determines it is necessary in order to maintain basic essential air service to such point.

"(5) REQUIREMENT TO CONTINUE SERVICE.—If an air carrier has provided notice to the Secretary under paragraph (2) of such air carrier's intention to suspend, terminate, or reduce service to any eligible point below the level of basic essential air service to such point, and if at the conclusion of the applicable period of notice the Secretary has not been able to find another air carrier to provide basic essential air service to such point, the Secretary shall require the carrier which provided such notice to continue such service to such point for an additional 30-day period, or until another air carrier has begun to provide basic essential air service to such point, whichever first occurs. If at the end of such 30-day period the Secretary determines that no other air carrier can be secured to provide basic essential air service to such eligible point on a continuing basis, either with or without compensation, then the Secretary shall extend such requirement for such additional 30-day periods (making the same determination at the end of each such period) as may be necessary to continue basic essential air service to such eligible point until an air carrier can be secured to provide basic essential air service to such eligible point on a continuing basis.

"(6) COMPENSATION FOR CONTINUED SERVICE.—

"(A) CARRIERS RECEIVING COMPENSATION.—If an air carrier (i) which is providing air transportation to any eligible point, and (ii) which is receiving compensation under this subsection for providing such transportation, is required by the Secretary to continue service to such point beyond the date on which such carrier would, but for paragraph (5), be able to suspend, terminate, or reduce such service below the level of basic essential air service to such point, then after such date such carrier shall continue to receive such compensation until the Secretary secures another air carrier to provide basic essential air service to such point or the 90th day following such date, whichever is earlier. If, after such 90th day, the Secretary has not secured another air carrier to provide such service, the carrier required to continue to provide such service shall receive compensation in an amount sufficient—

"(i) to cover the carrier's fully allocated actual cost of performing the basic essential air service that was being provided at the time the 90-day notice of termination, suspension, or reduction of service is given to the Secretary under paragraph (2) plus a fair and reasonable return on investment which shall not be less than 5 percent of operating costs; and

101 STAT. 1511

"(ii) to provide the carrier an additional return which recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that such lost profits increase as the duration of the required basic essential air service increases.

"(B) CARRIERS NOT RECEIVING COMPENSATION.—If the Secretary requires an air carrier which is providing air

transportation to an eligible point without compensation pursuant to paragraph (4) to continue to provide basic essential air service to such point beyond the 90-day notice period after which, but for paragraph (5) of this subsection, such air carrier would be able to suspend, terminate, or reduce service to such point below basic essential air service for such point, then the Secretary shall compensate such air carrier in an amount sufficient—

"(i) to cover the carrier's fully allocated actual cost of performing the basic essential air service that was being provided at the time the 90-day notice of termination, suspension, or reduction of service is given to the Secretary under paragraph (2) plus a fair and reasonable return on investment which shall not be less than 5 percent of operating costs; and

"(ii) to provide the carrier an additional return which recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that such lost profits increase as the duration of the required basic essential air service increases.

"(7) TRANSFER OF OPERATIONAL AUTHORITY AT CERTAIN HIGH-DENSITY AIRPORTS.—If an air carrier which is providing basic essential air service under this subsection between an eligible point and an airport at which the Administrator limits the number of instrument flight rule takeoffs and landings of aircraft provides notice to the Secretary of its intention to suspend, terminate, or reduce such service and another air carrier is secured to provide such service on a continuing basis, the Secretary shall require the carrier suspending, terminating, or reducing such service to transfer any operational authority which such carrier has to conduct a landing or takeoff at such airport with respect to such service to the carrier secured to provide such service unless the carrier secured to provide such service does not need such authority or such authority is being used to provide air service with respect to more than 1 eligible point.

"(8) EFFORT TO SECURE CARRIERS.—During any period for which the Secretary requires an air carrier to continue providing air transportation to an eligible point which such air carrier has proposed to terminate, reduce, or suspend, the Secretary shall continue to make every effort to secure an air carrier to provide at least basic essential air service to such eligible point, on a continuing basis.

"(9) PROHIBITION ON CERTAIN REDUCTIONS IN SERVICE.—Unless the Secretary has determined what is basic essential air service for any eligible point pursuant to paragraph (1) of this subsection, the Secretary shall, upon petition of any appropriate representative of such point prohibit any termination, suspension, or reduction of air transportation which reasonably appears to deprive such point of basic essential air service, until the Secretary has completed such determination. 101 STAT. 1512

"(c) ENHANCED ESSENTIAL AIR SERVICE.—

"(1) PROPOSAL.—

State and local governments. Contracts.

"(A) SUBMISSION.—A State or local government may submit a proposal to the Secretary for enhanced essential air service to an eligible point with respect to which basic essential air service is being provided under subsection (b).

"(B) CONTENTS.—A proposal submitted under this subsection shall specify the level and type of enhanced essential air service which the State or local government considers appropriate. Such proposal shall also include an agreement relating to compensation required for the proposed enhanced essential air service. Such agreement shall be subject to the requirements of subparagraph (C).

"(C) COMPENSATION AGREEMENT.—The agreement relating to compensation included in the proposal submitted by a State or local government under this subsection shall either—

"(i) provide for the State or local government or any person to pay 50 percent of the compensation required for the proposed enhanced essential air service and for the Federal share of such compensation to be 50 percent; or

"(ii) provide for the Federal share for such compensation to be 100 percent and provide that, if the proposed service is not successful in terms of the criteria established under paragraph (3)(C) for not less than a 2-year period, the eligible point shall not be eligible for air service for which compensation is payable by the Secretary under this section.

"(2) ESTABLISHMENT OF SERVICE.—Not later than 90 days after receiving a proposal under paragraph (1), the Secretary shall issue a decision on the proposal. The Secretary shall approve such proposal unless the Secretary determines that such proposal is not reasonable. If the Secretary determines that such proposal is not reasonable, the Secretary shall disapprove such proposal and notify the State or local government submitting such proposal of such disapproval and the reasons therefor.

"(3) REVIEW.—

"(A) PROPOSALS FOR 50 PERCENT FEDERAL SHARE.—If the enhanced essential air service approved under this subsection is to be at a 50 percent Federal share, the Secretary shall periodically review the level and type of such service to an eligible point and may, based upon such review and consultations with the community and the government or person paying the non-Federal share, make appropriate adjustments to the level and type of enhanced essential air service to such point.

"(B) PROPOSALS FOR 100 PERCENT FEDERAL SHARE.—If the enhanced essential air service approved under this subsection is to be at a 100 percent Federal share, the Secretary shall periodically review air service provided to an eligible point under this subsection. If the Secretary finds, after consultation with the State or local government which submitted the proposal, that such service has not been successful in terms of the criteria established under subparagraph (C) for not less than a 2-year period, such eligible point shall not be eligible for air service for which compensation is payable by the Secretary under this section.

101 STAT. 1513

Regulations

"(C) CRITERIA OF SUCCESS.—The Secretary shall establish, by regulation, objective criteria for determining whether or not enhanced essential air service to an eligible point provided under this subsection is successful in terms of increasing passenger usage of the airport facilities at such point and reducing the amount of compensation provided by the Secretary under this subsection for such service.

"(4) NOTICE BEFORE TERMINATION, SUSPENSION, OR REDUCTION OF SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to an eligible point for which a determination of enhanced essential air service has been made below the level of such service approved by the Secretary under this subsection unless such carrier has given the Secretary, the community affected, and the government or person paying the non-Federal share at least 30 days' notice before such termination, suspension, or reduction. Nothing in this paragraph relieves an air carrier of its obligations under subsection (b).

"(5) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The

Secretary shall continue to pay the compensation to an air carrier to provide enhanced essential air service to an eligible point only for so long as such carrier maintains the level of enhanced essential air service and the government or person agreeing to pay any non-Federal share continues to pay such share and only for so long as the Secretary determines it is necessary in order to maintain such service to such point.

"(6) PAYMENT OF NON-FEDERAL SHARE.—The Secretary may require appropriate payment in advance or such other security to assure that non-Federal payments for enhanced essential air service under this subsection are made on a timely basis.

"(7) COMPENSATION FOR ENHANCED ESSENTIAL AIR SERVICE DEFINED.—For purposes of this subsection, compensation for enhanced essential air service to an eligible point covers only those costs incurred for providing air service to such point which are in addition to the costs incurred for providing basic essential air service to such point under this section.

"(d) COMPENSATION FOR SERVICE TO OTHER SMALL COMMUNITIES.—

State and local governments.

"(1) PROPOSAL.—A State or local government may make a proposal to the Secretary for compensated air transportation in accordance with this subsection to a point that is not an eligible point under this section.

"(2) DETERMINATION OF ELIGIBILITY.—

"(A) DESIGNATION OF POINTS.—Not later than 90 days after the submission of a proposal under this subsection, the Secretary—

"(i) shall determine whether or not to designate the point for which such proposal is made as eligible to receive compensation under this subsection; and

"(ii) shall approve or disapprove such proposal and notify the State or local government submitting such proposal of such decision.

101 STAT. 1514

The Secretary shall approve such proposal if the State or local government submitting the proposal or any other person is willing and able to pay 50 percent of the cost of providing the proposed compensated air transportation; except that the Secretary shall disapprove such proposal if the Secretary determines that such proposal is not reasonable. In the case of disapproval of a proposal, the notification of such disapproval must include the reasons for such disapproval.

"(B) SMALL COMMUNITY SERVICE.—Notwithstanding subparagraph (A)(ii), the Secretary shall approve a proposal submitted under this subsection for compensated air transportation to a point in the 48 contiguous States and designate such point as eligible for compensation under this subsection—

"(i) if, at any time before October 23, 1978, the point was served by an air carrier that held a certificate issued under section 401;

"(ii) if the point is more than 50 miles from the nearest small hub airport or an eligible point;

"(iii) if the point is more than 150 miles from the nearest hub airport; and

"(iv) if the State or local government submitting the proposal or any other person is willing and able to pay 25 percent of the cost of providing the proposed compensated air transportation.

"(C) CRITERIA FOR DETERMINING REASONABLENESS.—In determining whether or not a proposal submitted under this subsection is reasonable, the Secretary shall consider, among other factors, the traffic generating potential of the point, the cost to the Federal Government of providing the proposed service, and the distance of the point from the closest hub airport.

"(D) WITHDRAWAL OF DESIGNATION.—After notice and an opportunity for any interested person to comment, the Secretary may withdraw the designation of a point under subparagraph (A) as eligible to receive compensation under this subsection if the point has received air service under this subsection for at least 2 years and the Secretary determines that withdrawal of that designation would be in the public interest. The Secretary shall establish, by regulation, standards for determining whether or not withdrawal of a designation under this paragraph is in the public interest. Such standards shall include, but not be limited to, the factors set forth in subparagraph (C).

Regulations

"(3) LEVEL OF SERVICE.—

"(A) INITIAL DETERMINATION.—If the Secretary designates a point under paragraph (2), the Secretary shall determine the level of service to be provided under this subsection. The Secretary shall determine such level after considering the views of any interested community, the State agency of the State in which the point is located, and the government or person agreeing to pay the non-Federal share of the cost of the proposed service. The Secretary shall determine such level not later than 6 months after the date on which the Secretary designates such point under paragraph (2).

101 STAT. 1515

"(B) REVIEW.—The Secretary shall periodically review the level of air service provided under this subsection and may, based upon such review and consultation with any interested community, any State agency of the State in which the community is located, and any government or person providing the non-Federal share of the compensation for the service, make appropriate adjustments in the level of service.

"(4) SELECTION OF CARRIER.—After making the determinations required by paragraph (3) with respect to a designated point, the Secretary shall provide notice that applications may be submitted by any air carrier that is willing to provide the level of air service determined under paragraph (3) with respect to such point. In selecting an applicant to provide such service the Secretary shall, among other factors, consider the factors set forth in subsection (b)(3)(A) and shall also consider the views of the government or person paying the non-Federal share of the cost of the service.

"(5) NON-FEDERAL SHARE.—Except as provided in paragraph (2)(B), the non-Federal share for compensation required for providing air service under this subsection shall be 50 percent.

"(6) NOTICE BEFORE TERMINATION, SUSPENSION, OR REDUCTION OF SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to an eligible point for which compensation is paid under this subsection below the level of such service established by the Secretary under paragraph (3) unless such carrier has given the Secretary, the community affected, and the government or person paying the non-Federal share at least 30 days' notice before such termination, suspension, or reduction.

"(7) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The Secretary shall continue to pay compensation to an air carrier to provide service to a point designated under this subsection only for so long as such carrier maintains such service and the government or person agreeing to pay the non-Federal share continues to pay such share and only for so long as the Secretary determines it is necessary in order to maintain such service to such point.

"(8) PAYMENT OF NON-FEDERAL SHARE.—The Secretary may require appropriate payment in advance or such other security

to assure that the non-Federal payments for air service under this subsection are timely made.

"(e) FITNESS.—

"(1) GENERAL RULE.—Notwithstanding section 416(b) of this title, the Secretary shall prohibit any air carrier from providing service to an eligible point and from providing service to a point designated under subsection (d), unless the Secretary determines that such air carrier—

"(A) is fit, willing, and able to perform such service; and

"(B) that all aircraft which will be used to perform such service and all operations relating to such service will conform to the safety standards established by the Administrator.

"(2) LIMITATION ON COMPENSATION.—The Secretary may not pay compensation to any air carrier for providing air service under this section unless the Secretary finds that such carrier is able to provide the air service in a reliable manner. 101 STAT. 1516

"(f) GUIDELINES FOR COMPENSATION.—The Secretary shall establish guidelines to be used in computing the fair and reasonable amount of compensation required to ensure the continuation of air service under this section. Such guidelines shall provide for a reduction in compensation in any case in which an air carrier fails to perform any agreed upon air service. Such guidelines shall take into account amounts needed by air carriers to promote public use of the service for which compensation is to be made and shall include expense elements based upon representative costs of air carriers providing scheduled air transportation of persons, property, and mail, using aircraft of the type determined by the Secretary to be appropriate for providing such service. Amounts needed for promotion of such service shall be a special, segregated element of the required compensation.

"(g) DEADLINE FOR PAYMENT OF COMPENSATION.—Not later than 15 days after receiving a written claim for compensation from an air carrier for providing air service under this section, the Secretary shall pay the Federal share of such claim or deny payment of the Federal share of such claim and notify the carrier of such denial and the reasons therefor.

"(h) INSURANCE.—An air carrier shall not receive compensation under this section unless such air carrier complies with regulations or orders issued by the Secretary governing the filing and approval of policies of insurance or plans for self-insurance in the amount prescribed by the Secretary which are conditioned to pay, within the amount of such insurance, amounts for which such air carrier may become liable for bodily injuries to or the death of any person, or for loss of or damage to property of others, resulting from the operation or maintenance of aircraft.

"(i) CARRIER OBLIGATIONS.—If 2 or more air carriers enter into an agreement to operate under or use a single air carrier designator code to provide air transportation, the air carrier whose code is being used under such agreement shall share responsibility with the other carriers for the quality of service provided under such code to the public by such other carriers.

"(j) ENCOURAGEMENT OF JOINT AIR SERVICE PROPOSALS.—The Secretary shall encourage the submission of joint proposals by 2 or more air carriers for providing air service under this section through arrangements which will maximize service to and from major destinations beyond the hub.

"(k) DEFINITIONS.—For purposes of this section—

"(1) BASIC ESSENTIAL AIR SERVICE.—The term 'basic essential air service' means scheduled air transportation of persons and cargo to a hub airport (or, in any case in which the nearest hub airport is more than 400 miles and in the case of Alaska, to a small hub or nonhub airport) which has convenient connecting or single-plane air service to a substantial number of destinations beyond such airport. Such transportation shall include, at least, the following elements:

"(A)(i) with respect to a point not in the State of Alaska, 2 daily round trips 6 days per week, with not more than 1 intermediate stop on each flight; or

"(ii) with respect to a point in the State of Alaska, a level of service that is not less than that which existed in calendar year 1976, or 2 round trips per week, whichever is greater, unless otherwise specified under an agreement between the Secretary and the State agency of the State of Alaska, after consultation with the community affected;

101 STAT. 1517

"(B) flights at reasonable times taking into account the needs of passengers with connecting flights at such airport and at rates, fares, and charges which are not excessive when compared to the generally prevailing fares of other air carriers for like service between similar pairs of points;

"(C) with respect to a point not in the State of Alaska, service provided in an aircraft with an effective capacity of at least 15 passengers if the average daily enplanements at such point in any calendar year beginning after December 31, 1975, and ending on or before December 31, 1986, exceeded 11 passengers unless—

"(i) requiring such service would require the payment of compensation in a fiscal year under subsection (b)(4) or (b)(6) with respect to such point when no compensation under such subsection would otherwise be paid with respect to such point in such fiscal year; or

"(ii) the community concerned agrees in writing with the Secretary to the use of smaller aircraft to provide service to such point;

"(D) service which accommodates the estimated passenger and cargo traffic at an average load factor of not greater than—

"(i) 50 percent, or

"(ii) in any case in which such service is being provided with aircraft with 15 passenger seats or more, 60 percent,

for each class of traffic taking into account seasonal demands for such service;

"(E) service provided in an aircraft with at least 2 engines and using 2 pilots, unless scheduled air transportation in aircraft with at least 2 engines and using 2 pilots has not been provided with respect to the point on each of 60 consecutive operating days at any time since October 31, 1978; and

"(F) in the case of service which regularly exceeds 8,000 feet in altitude, service provided with pressurized aircraft.

"(2) ENHANCED ESSENTIAL AIR SERVICE.—The term 'enhanced essential air service' means scheduled air transportation to an eligible point of a higher level or quality than basic essential air service.

"(3) HUB AIRPORT.—The term 'hub airport' means an airport that annually has 0.25 percent or more of the total annual enplanements in the United States.

"(4) NONHUB AIRPORT.—The term 'nonhub airport' means an airport that annually has less than 0.05 percent of the total annual enplanements in the United States.

"(5) SMALL HUB AIRPORT.—The term 'small hub airport' means an airport that annually has 0.05 percent or more, but less than 0.25 percent, of the total annual enplanements in the United States.

SEC. 203. AIRCRAFT COLLISION AVOIDANCE SYSTEMS. 49 USC app. 1421 note

(a) FINDINGS.—Congress finds that—

(1) the number of near midair collisions is an indication that additional measures must be taken to assure the highest level of air safety in the United States;

(2) public health and safety requirements necessitate the timely completion and installation of a collision avoidance system for use by commercial aircraft flying in the United States;

(3) the Traffic Alert and Collision Avoidance System promises to reduce the threat to life caused by midair collisions, particularly collisions between general aviation aircraft and commercial aircraft;

(4) the Traffic Alert and Collision Avoidance System will succeed only to the degree that other aircraft posing a collision threat use operating transponders with automatic altitude reporting capability; and

(5) the Federal Aviation Administration should continue at a deliberate pace the development of additional technologies, including the collision avoidance system known as TCAS-III, to ensure the safe separation of aircraft.

(b) GENERAL RULES.—Section 601 is amended by adding at the end the following new subsection: 49 USC app. 1421

"(f) COLLISION AVOIDANCE SYSTEMS.—

"(1) DEVELOPMENT AND CERTIFICATION.—

"(A) STANDARDS.—The Administrator shall complete development of the collision avoidance system known as TCAS-II so that such system will be operable under visual and instrument flight rules and will be upgradable to the performance standards applicable to the collision avoidance system known as TCAS-III.

"(B) SCHEDULE.—The Administrator shall develop and implement a schedule for development and certification of the collision avoidance system known as TCAS-II which will result in completion of such certification not later than 18 months after the date of the enactment of this subsection.

"(C) MONTHLY REPORTS.—The Administrator shall transmit to Congress monthly reports on the progress being made in development and certification of the collision avoidance system known as TCAS-II. 101 STAT. 1519

"(2) INSTALLATION.—The Administrator shall require by regulation that, not later than 30 months after the date of certification of the collision avoidance system known as TCAS-II, such system be installed and operated on each civil aircraft which has a maximum passenger capacity of more than 30 seats and which is used to provide air transportation of passengers, including intrastate air transportation of passengers. "(3) TRANSPONDERS.—Not later than 6 months after the date of the enactment of this subsection, the Administrator shall promulgate a final rule requiring the installation and use of operating transponders with automatic altitude reporting capability for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. For such terminal airspace, other than Terminal Control Areas and Airport Radar Service Areas, the Administrator may provide for access to such airspace by nonequipped aircraft if the Administrator determines that such access will not interfere with the normal traffic flow. Such final rule shall require the installation and use of such transponders not later than 36 months after the date of the enactment of this subsection.".

(c) CONFORMING AMENDMENT.—That portion of table of contents contained in the first section of the Federal Aviation Act of 1958 which appears under the heading

"Sec. 601. General safety powers and duties."

is amended by adding at the end the following:

"(f) Collision avoidance systems.".

(d) COMPLETION OF RESEARCH AND DEVELOPMENT.—

49 USC app. 1421 note

(1) GENERAL RULE.—The Administrator shall complete the research and the development on, and the certification of, the collision avoidance system known as TCAS-III as soon as possible.

(2) AUTHORIZATION OF APPROPRIATION.—There are authorized to be appropriated such sums as may be necessary from the Airport and Airway Trust Fund to carry out this subsection.

5 USC 8468

"§ 8468. Annuities and pay on reemployment

"(a) If an annuitant, except a disability annuitant whose annuity is terminated because of the annuitant's recovery or restoration of earning capacity, becomes employed in an appointive or elective position, an amount equal to the annuity allocable to the period of actual employment shall be deducted from the annuitant's pay, except for lump-sum leave payment purposes under section 5551. Unless the annuitant's appointment is on an intermittent basis or is

101 STAT. 1763

to a position as a justice or judge (as defined by section 451 of title 28) or as an employee subject to another retirement system for Government employees, or unless the annuitant is serving as President, deductions for the Fund shall be withheld from the annuitant's pay under section 8422(a) and contributions under section 8423 shall be made. The deductions and contributions referred to in the preceding provisions of this subsection shall be deposited in the Treasury of the United States to the credit of the Fund. The annuitant's lump-sum credit may not be reduced by annuity paid during the reemployment.

"(b)(1)(A) If an annuitant subject to deductions under the second sentence of subsection (a) serves on a full-time basis for at least 1 year, or on a part-time basis for periods equivalent to at least 1 year of full-time service, the annuitant's annuity on termination of reemployment shall be increased by an annuity computed under section 8415 (a) through (f) as may apply based on the period of reemployment and the basic pay, before deduction, averaged during the reemployment.

"(B)(i) If the annuitant is receiving a reduced annuity as provided in section 8419, the increase in annuity payable under subparagraph (A) is reduced by 10 percent and the survivor annuity or combination of survivor annuities payable under section 8442 or 8445 (or both) is increased by 50 percent of the increase in annuity payable under subparagraph (A), unless, at the time of claiming the increase payable under subparagraph (A), the annuitant notifies the Office in writing that the annuitant does not desire the survivor annuity to be increased.

"(ii) If an annuitant who is subject to the deductions referred to in subparagraph (A) dies while still reemployed, after having been reemployed for not less than 1 year of full-time service (or the equivalent thereof, in the case of full-time employment), the survivor annuity payable is increased as though the reemployment had otherwise terminated.

"(2)(A) If an annuitant subject to deductions under the second sentence of subsection (a) serves on a full-time basis for at least 5 years, or on a part-time basis for periods equivalent to at least 5 years of full-time service, the annuitant may elect, instead of the benefit provided by paragraph (1), to have such annuitant's rights redetermined under this chapter.

"(B) If an annuitant who is subject to the deductions referred to in subparagraph (A) dies while still reemployed, after having been reemployed for at least 5 years of full-time service (or the equivalent thereof in the case of part-time employment), any person entitled to a survivor annuity under section 8442 or 8445 based on the service of such annuitant shall be permitted to elect, in accordance with regulations prescribed by the Office of Personnel Management, to have such person's rights under subchapter IV redetermined. A redetermined survivor annuity elected under this subparagraph shall be in lieu of an increased annuity which would otherwise be payable in accordance with paragraph (1)(B)(ii).

"(3) If an annuitant subject to deductions under the second sentence of subsection (a) serves on a full-time basis for a period of less than 1 year, or on a part-time basis for periods equivalent to less than 1 year of full-time service, the total amount withheld under section 8422(a) from the annuitant's basic pay for the period or periods involved shall, upon written application to the Office, be payable to the annuitant (or the appropriate survivor or survivors, determined in the order set forth in section 8424(d)).

"(c) This section does not apply to an individual appointed to serve as a Governor of the Board of Governors of the United States Postal Service. 101 STAT. 1764

"(d) If an annuitant becomes employed as a justice or judge of the United States, as defined by section 451 of title 28, the annuitant may, at any time prior to resignation or retirement from regular active service as such a justice or judge, apply for and be paid, in accordance with section 8424(a), the amount (if any) by which the lump-sum credit exceeds the total annuity paid, notwithstanding the time limitation contained in such section for filing an application for payment.

"(e) A reference in this section to an 'annuity' shall not be considered to include any amount payable from a source other than the Fund.".

(b) AMENDMENT TO FERSA.—Section 302(a)(12) of the Federal Employees' Retirement System Act of 1986 is amended to read as follows: 5 USC 8331 note

"(12)(A)(i) If the electing individual is a reemployed annuitant under section 8344 of title 5, United States Code, under conditions allowing the annuity to continue during reemployment, payment of the annuitant's annuity shall continue after the effective date of the election, and an amount equal to the annuity allocable to the period of actual employment shall continue to be deducted from the annuitant's pay and deposited as provided in subsection (a) of such section. Deductions from pay under section 8422(a) of such title and contributions under section 8423 of such title shall begin effective on the effective date of the election.

"(ii) Notwithstanding any provision of section 301, an election under such section shall not be available to any reemployed annuitant who would be excluded from the operation of chapter 84 of title 5, United States Code, under section 8402(c) of such title (relating to exclusions based on the temporary or intermittent nature of one's employment).

"(B) If the annuitant serves on a full-time basis for at least 1 year, or on a part-time basis for periods equivalent to at least 1 year of full-time service, such annuitant's annuity, on termination of reemployment, shall be increased by an annuity computed—

"(i) with respect to reemployment service before the effective date of the election, under section 8339 (a), (b), (d), (e), (h), (i), and (n) of title 5, United States Code, as may apply based on the reemployment in which such annuitant was engaged before such effective date; and

"(ii) with respect to reemployment service on or after the effective date of the election, under section 8415 (a) through (f) of such title, as may apply based on the reemployment in which such annuitant was engaged on or after such effective date;

with the 'average pay' used in any computation under clause (i) or (ii) being determined (based on rates of pay in effect during the period of reemployment, whether before, on, or after the effective date of the election) in the same way as provided for in paragraph (6). If the annuitant is receiving a reduced annuity as provided in section 8339(j) or section 8339(k)(2) of title 5, United States Code, the increase in annuity payable under this subparagraph is reduced by 10 percent and the survivor annuity payable under section 8341(b) of such title is increased by 55 percent of the increase in annuity payable under this subparagraph, unless, at the time of claiming the increase payable under this subparagraph, the annuitant notifies 101 STAT. 1765 the Office of Personnel Management in writing that such annuitant does not desire the survivor annuity to be increased. If the annuitant dies while still reemployed, after having been reemployed for at least 1 full year (or the equivalent thereof, in the case of part-time employment), any survivor annuity payable under section 8341(b) of such title based on the service of such annuitant is increased as though the reemployment had otherwise terminated. In applying paragraph (7) to an amount under this subparagraph, any portion of

such amount attributable to clause (i) shall be adjusted under subparagraph (A) of such paragraph, and any portion of such amount attributable to clause (ii) shall be adjusted under subparagraph (B) of such paragraph.

"(C)(i) If the annuitant serves on a full-time basis for at least 5 years, or on a part-time basis for periods equivalent to at least 5 years of full-time service, such annuitant may elect, instead of the benefit provided by subparagraph (B), to have such annuitant's rights redetermined, effective upon separation from employment. If the annuitant so elects, the redetermined annuity will become payable as if such annuitant were retiring for the first time based on the separation from reemployment service, and the provisions of this section concerning computation of annuity (other than any provision of this paragraph) shall apply.

Regulations

"(ii) If the annuitant dies while still reemployed, after having been reemployed for at least 5 full years (or the equivalent thereof, in the case of part-time employment), any person entitled to a survivor annuity under section 8341(b) of title 5, United States Code, based on the service of such annuitant shall be permitted to elect to have such person's rights redetermined in accordance with regulations which the Office shall prescribe. Redetermined benefits elected under this clause shall be in lieu of any increased benefits which would otherwise be payable in accordance with the next to last sentence of subparagraph (B).

"(D) If the annuitant serves on a full-time basis for less than 1 year (or the equivalent thereof, in the case of part-time employment), any amounts withheld under section 8422(a) of title 5, United States Code, from such annuitant's pay for the period (or periods) involved shall, upon written application to the Office, be payable to such annuitant (or the appropriate survivor or survivors, determined in the order set forth in section 8342(c) of such title).

"(E) For purposes of determining the period of an annuitant's reemployment service under this paragraph, a period of reemployment service shall not be taken into account unless—

"(i) with respect to service performed before the effective date of the election under section 301, it is service which, if performed for at least 1 full year, would have allowed such annuitant to elect under section 8344(a) of title 5, United States Code, to have deductions withheld from pay; or

"(ii) with respect to service performed on or after the effective date of the election under section 301, it is service with respect to which deductions from pay would be required to be withheld under the second sentence of section 8468(a) of title 5, United States Code.".

[1] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[2] Excludes $15,967,848,000 for the Commodity Credit Corporation shown in President's budget as "permanent Federal funds" but reflected in this document as part of a "direct appropriation" of $21,133,658,000 (see pp. 447 and 2490, this volume).

[3] Included under "Permanent appropriations, Federal funds".

[4] There were twelve private relief acts approved during the 100th Cong., 1st sess.; however, there was no new budget (obligational) authority provided in any of those acts.

[14] For informational purposes only. Amount included in net total for "regular annual appropriation acts" earlier in table.

[15] See pp. 559-566 and pp. 567-572 for status reports on rescissions and deferrals.

Note.—The President's Budget for 1988, submitted January 5, 1987 (H. Docs. 100-3 and 100-19), tentatively estimated total new budget (obligational) authority for fiscal year 1988 at $1,142.2 billion net ($1,351.5 billion gross, including $209.3 billion in intragovernmental transactions and certain so-called proprietary receipts handled as offsets for budget purposes only). An estimated $779.9 billion does not require action by Congress. This amount includes permanent appropriations such as interest on the public debt and various trust funds for which the obligational authority is already provided in the basic law. Virtually all of the remaining $567.6 billion (exclusive of reductions of $4.0 billion shown in the January budget under the category "to be requested separately") is for consideration at this session of Congress in the appropriation bills.

[Note.—Concept of "estimates" and "appropriations" as used in this tabulation, beginning with the 90th Congress, 2d session, differs to some limited general extent from previous tabulations, and significantly differs in respect to inclusion of trust fund appropriation amounts *not* included in this tabulation *prior* to the 90th Congress, 2d session (see explanation, par. 7, "Compilers' Notes," p. III). Basically, the figures for permanent appropriations are taken from the January 1987 Budget and, since many are *indefinite*, are subject to revision as better data become available.]

[1] Includes $15,937,848,000 for the Commodity Credit Corporation submitted in the President's budget (H. Doc. 100-4) as "Permanent Federal funds" (see footnote 3 below).

[2] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 1, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1976 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within these exceptions.

[3] Excludes $15,937,848,000 for the Commodity Credit Corporation submitted in the President's budget (H. Doc. 100-4) as "Permanent Federal funds" but reflected in this table as part of a "current definite" appropriation of $21,133,658,000 provided in Public Law 100-202 (see pp. **447 and 2490, this volume**).

[4] Included under "Permanent appropriations, Federal funds."

[5] Reflects actual rescission rather than comparison with request.

[6] There were twelve private relief acts approved during the 100th Cong., 1st sess.; however, there was no new budget (obligational) authority provided in any of these acts.

[7] Subject to revision as better data becomes available.
